Saul Isui Lugo Martinez

COMPUTER SYSTEMS ENGINEER

SECURITY ENGINEER

I am currently looking for an opportunity to do my professional residency and apply the knowledge I have acquired throughout my academic career. My main interest lies in specializing in the field of Pentesting in the field of cybersecurity. I am a proactive person, teamwork oriented, highly responsible and organized.

My proactive attitude towards innovation and self-study drives me to constantly seek new challenges and opportunities for growth. I am excited to apply my skills and make a significant contribution in a professional environment where I will can add value and continue to learn in the field of cybersecurity.
